## Year 6 Autumn Term Homework Menu

### Maths

Look at the average temperatures in Antarctica across the year.

What are the differences in temperature?

Can you present your findings in a table or graph?

### English

Read a book of your choice.

- Write a book review.
- Re-design the front cover
- Write an alternative ending to the story.

### Science

Research how animals are adapted to living in Antarctica.

How do they survive in their environment?

### Art

Research the skill of chiaroscuro.

Create your own design using this technique.

### History/Geography

Draw a map of your local area. Include: landmarks and places of interest, open spaces and transportation systems.

### Design Technology

Design and make a bird house.

### Physical Education

Design your own game which uses attacking and defending skills. Explain the rules to friends or family and ask them to play with you.

### Come and See

Cut out pictures from magazines of situations where love and care are being shown in service to others. Create a montage from the situations chosen, explain why people show love and care in their service to others.

### Spanish

Create a recipe for a traditional Spanish dish.  
Make a poster including the Spanish flag and write about the culture.

### Computing

Research the significance of Bletchley Park and code-breaking during World War II.

### PSHE

Make an aspiration poster describing the goals you have for the future.
